Frequently Asked Questions for Accessing Teacher Toolbox

For Teachers Using *i-Ready*®:

1. I have *i-Ready*. Shouldn't I have access to *Ready Teacher Toolbox*?

Not all *i-Ready* users subscribe to *Ready Teacher Toolbox*. If your school or district purchased a site license for Teacher Toolbox as a supplement to *i-Ready*, then you are a subscriber.

Ready Teacher Toolbox is currently a separate platform from *i-Ready*, so your *i-Ready* login information will not work for your Teacher Toolbox account. You need to register and activate your Teacher Toolbox account separately.

2. How do I know if my school/district purchased a site license for Teacher Toolbox as a supplement to *i-Ready*?

If the other teachers in your school/district have Teacher Toolbox, try registering. If that doesn't work, contact your school or district's *i-Ready* administrator.

3. After I clicked the link in my email to activate my Teacher Toolbox, I was asked to provide a license code. What should I do?

Teachers from schools/districts that use *Ready Teacher Toolbox* as a supplement to *i-Ready* should not be asked to provide a license code. If you are asked for a license code, consider these questions:

- **Did you select the correct school or district from our dropdown menu?** In order to access your subscription, it is important that you select the correct school from the menu.
- **Do you use Ready Mathematics, Ready Reading, or Ready Writing books in your classroom?** You may have received your subscription as an add-on with your books. Read the section below in green.

For Teachers with *Ready Mathematics*, *Ready Reading*, or *Ready Writing Books*:

1. I use *Ready* books in my classroom. Shouldn't I have access to *Ready Teacher Toolbox*?

Not all teachers who use *Ready* books subscribe to *Ready Teacher Toolbox*.

Teacher Toolbox can be purchased alongside the Teacher Resource Book as a Teacher Set when accompanied by a purchase of 25 student books. For example, if you are a fourth grade teacher, you need to have at least 25 Grade 4 *Ready Mathematics* books and a *Ready Mathematics* Teacher Resource Book in order to get *Ready Mathematics Teacher Toolbox* as an add-on.

2. I use *Ready* for my core mathematics instruction, but I did not receive a license code. What should I do? (Note: *Ready Classroom Mathematics* users should see next section.)

Educators who use *Ready* for core mathematics instruction do not need license codes. If you are asked to provide a license code, it may mean you did not select the correct school from our dropdown menu. Contact your *Ready* account manager for support.

3. I use *Ready* for reading, writing, or as a supplement to my core mathematics program. Where do I find my license code?

If you received a Teacher Toolbox subscription with your *Ready* order, you can find your license code in the access pack that came with your books. If you did not receive an access pack with your *Ready* books, you should contact the person in your school or district who purchased your books to learn more.
